Department of EEE

OUR MILESTONES

VISION

To provide students with high quality education so that they are well -prepared to become high caliber Electrical and Electronics Engineers, and it aspires to grow to the level of gaining global recognition.

- To develop competent technocrats who strive continuously in pursuit of professional excellence in the field of Electrical and Electronics Engineering .
- To develop and sustain a culture of research while promoting values, ethics and professionalism .
- To offer well -balanced curriculum to help students acquire professional competencies and to arrange placements for students .
- To develop state -of-art infrastructure and research for effective teaching -learning process .
- Strengthening of soft skills especially for rural students through co-curricular and extra -curricular activities .
