OUR MILESTONES

VISION

To provide students with high quality education so that they are well-prepared to become high caliber Electrical and Electronics Engineers, and it aspires to grow to the level of gaining global recognition.

- To develop competent technocrats who strive continuously in pursuit of professional excellence in the field of Electrical and Electronics Engineering.

- To develop and sustain a culture of research while promoting values, ethics and professionalism.

- To offer well-balanced curriculum to help students acquire professional competencies and to arrange placements for students.

- To develop state-of-art infrastructure and research for effective teaching-learning process.

- Strengthening of soft skills especially for rural students through co-curricular and extra-curricular activities.

MISSION

MAJOR EVENTS

(Institute level/Department level)
