VISION

To impart latest knowledge and skills so as to kindle innovation and creativity among students

MISSION

- To provide quality Education by preparing a Strong willed, socially committed and Dynamic Engineers for the Future.
- To enrich their knowledge in the areas of academic, research and industry by moulding professionals in the field of Civil Engineering to build a sustainable world.
- To impart quality education and mould technically sound, ethically responsible professionals in the field of Civil Engineering.
- To prepare the students with a broad skill set of creativity, critical thinking and effective communication skills to meet the desired needs of the society.
- To develop state of the art infrastructure and research for effective teaching learning process.
- To strengthen soft skills especially for rural students through co-curricular and extracurricular activities.

PRINCIPAL'S MESSAGE

DR.P.MATHIYALAGAN M.E., PH.D

Today we live in a fast-changing complex society which presents both challenges and opportunities. In this circumstance, it all depends on each individual how he/she responds to the situation with the right mental attitude. This shall happen only by educating them appropriately,not just to be employment seekers, but also to be employment creators and innovators. To ensure this, our college has established high quality and sophisticated infrastructure with an excellent academic ambience which will enrich progressive technical education.

We are providing ample training on the development of engineering skills leading to participation in national and international competitions.

Our institution endeavors to impart the best knowledge and skills for promoting and pursuing a multi-disciplinary engineering and technical education in a well-disciplined manner. Through this strategy, we could produce engineering graduates with professional competence that naturally attracts the placement opportunities towards our students. There is continuous monitoring on the execution of the planned academic activities so as to achieve the desired results in order to groom our students to get well-employed and pursue higher studies in reputed top institutions in India and abroad.

I have a great pleasure in expressing my thoughts as the Principal of JJ College of Engineering and Technology. Our institute holds the manifold distinction of being amongst the best when one considersthe present status of technicaleducation today. Our teachers are invited as resource personnel at national and international seminars, conferences and symposia in India and abroad. I wish the best for all our staff and students who reiterate their aims at providing the best in academic and extra-curricular fields. It is my pleasure in congratulating the editorial board on this pleasant occasion of releasing the newsletter.

HOD'S MESSAGE

DR.A.ANANTHI M.E., Ph.D

Welcome to the Maiden edition of the monthly News Letter of Department of Civil Engineering, J.J.College of Engineering and Technology. We are really proud and passionate to acclaim that we are ready with all new hopes and hues to bring out the 01st issue , which is going to surely unfold the most unforgettable and precious moments of the department.

The magazine is to be viewed as a launch pad for both the Faculties' and Students' creative urges to blossom naturally. We are sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by our department faculties' and students' will surely stir the mind of the readers and take them to the surreal world of unalloyed joy and pleasureI am extremely delighted and proud to announce the release of our first department newsletter. Professionals need to be knowledgeable in multiple skills, not just in one. The department organizes various activities to mould students as future professionals. This newsletter will motivate students as it serves as a medium to showcase their success stories.

I'm grateful to Dr.P.Mathiyalagan (Principal) for his support. A special mention to Ms.S.Rivetha (Faculty Editor)for his hard work put in.

NEWSLETTER

EDITOR'S VOICE

Ms.S.Rivetha M.E.,

We are extremely happy in releasing the monthly newsletter, highlighting the activities of the August 2023. The laudable exercise of the students and staff of this Institution has already brought laurels in the name of one of the Top 100 Best Colleges Award for the year 2023 by Higher Education News journal. I congratulate the staff and students for this achievement. .

I wish that everyone continue their untiring efforts not only to retain this reputation but to grow to further high standards. Innovations Hub congratulates the staff and students whole-heartedly for their participations in various events viz. Workshops, Seminars, Symposia and Fine Arts etc. Today's students are tomorrow's leaders. Engineers are the pillars of the society. To be an effective pillar"An Engineer should act as Hercules' way of living to emancipate the society. "Many times we yield ourselves to make convenient of ours. A great man is no longer being a great man unless he does the great things without any finite instruments for his service to the society. An Engineer should scrupulously uphold the positive traits on each foot of his journey as an engineer.

FACUTIE'S ACHIEVEMENT

NEW

Our faculty member Ms.S.Rivetha has completed the One Week Faculty Developement Peogram For PRIMAVERA P6 V22 conducted by Infinity PMS Solution pvt ltd and received certificate .

Our faculty member Ms.M.Gurusamy has completed the One Week Faculty Developement Peogram on Naan Mudhalvan course Concrete building system and design.

Kallam Haranadhareddy Institute of Technology
(Autonomous)
Chowdavaram, Guntur Dt. Amaravathi, Andhra Pradesh
Affiliated to JNTUK, Approved by AICT, New Delhi
