### ***MISSION***

To produce successful graduates enriched with professional and leadership capabilities.  
To impart the skills necessary to  
grow  
To continue education and professionally To inculcate strong ethical and human values. To establish a research centre in Computer Science and Engineering. To contribute towards empowering the rural youth with computer education.

## **PRINCIPAL'S MESSAGE**

Today we live in a fast-changing complex society which presents both challenges and opportunities. In this circumstance, it all depends on each individual how he/she responds to the situation with the right mental attitude.

This shall happen only by educating them appropriately, not just to be employment seekers, but also to be employment creators and innovators. To ensure this, our college has established high quality and sophisticated infrastructure with an excellent academic ambience which will enrich progressive technical education.

We are providing ample training on the development of Engineering skills leading to participation in National and International competitions.
